## Luxury in the Backcountry

Find bliss and reconnect through the wonders of the Colorado wilderness. The word merak is defined as a feeling of joy and oneness with the universe that come from simple pleasures. Camp Merak is a place for those with a desire to get back to nature and away from the bustle of every day life. Here people can enjoy the simple serenity of pristine, remote wilderness from the comfort of sustainable luxury.

## An Custom Built Adventure

At Camp Merak, we take care of everything from transportation, to food and beverage, to activities and guides. Depending on your party size and desires, we will create a custom package that fits your needs. Upon making your reservation, you will be sent a form that will ask about your desires, from food to activities. This way, we can make sure everything is ready upon your arrival.

Getting to us can be a little tricky, but that's part of the adventure! Transportation can be arranged from Denver, Vail, Edwards, Eagle (airport included), Glenwood, or Aspen/Snowmass. Don't see your location? Let us know and we would be happy to arrange your transportation from elsewhere. Due to the remoteness of Camp Merak, food is arranged ahead of time and brought up with our staff. We are happy to accommodate requests and dietary restrictions with appropriate notice. For information on activities please see the next page.

## Explore Our Winter Activities

LET US KNOW WHAT YOU WANT TO DO AND WE WILL TAKE CARE OF THE REST

Camp Merak offers a variety of winter activities. We are most well known for our cat skiing and miles of set Nordic track. But we are here to make this experience yours.

Upon booking, you and your party will be provided a comprehensive form to figure out everything from meals to activities. This helps us prepare for everything you might want to do.

All activities can be done with or without a guide. We recommend a guide for all skiing activities, even if you consider yourself an expert. We are also able to provide any rental equipment needed, but it will need to be arranged with us prior to transportation to Camp Merak as our equipment is not stored onsite. We offer downhill ski/snowboard equipment, touring ski equipment, Nordic ski equipment, snowshoes, sleds, tubes, and more.
